## Doon Special (White Jasmine Rice)

Doon Special Jasmine Rice is an aromatic long grain rice originally grown in Asia, and similar to Basmati rice. With an aroma of popcorn and nutlike flavor this rice is an excellent choice for stir-fry, salads, stuffing, pilaf, and desserts

However, exports of non-Basmati rice are estimated to have declined to 3.2 MT from 4.67 MT during the period under review. This estimate is based on the no-objection certificate issued by the Agricultural and Processed Food Export Development Authority (APEDA)

We offer high quality Indian extra long jasmine rice 1121 rice as yellow and creamy parboiled rice contains natural aroma and taste in raw and cooked stage.

There are many brands of short-grain rice that can be used for making sushi. Look for Taj agro Brand and make sure it says "short grain" or "medium grain" on it. You can also use brown short-grain rice, just know that the texture will be different. While glutinous rice is also sometimes used for preparing sushi, short-grain is traditional. Make sure you know what you're getting.
