

## organic jaggery Products

We are one of the most sought after companies, engaged in the suppliers and export of home care as well as food grains and agro products like Indian spices, Indian pulses, grain flour, edible oil etc., to meet the requirement of our clients. These food grains and agro product are packed with utmost care to ensure their safe delivery at the final destination. We offer the following:

### Product Advantage:

- \* Rich is taste
- \* Liquid Jaggery is very rich in iron, which, a composite of hemoglobin prevents anemia.
- \* The medicinal properties eliminates the risk of Dry Cough, Cough with Sputum , Indigestion and Constipation..

Other than our specialization in manufacturing jaggery, we also deal in powdered jaggery. This powdered is widely demanded in the market.

### Product Range :

We provide a high class of jaggery . Jaggery or "Gur" or whole sugar is a pure, wholesome, traditional, unrefined, whole sugar. It contains the natural goodness of minerals and vitamins inherently present in sugarcane juice & this crowns it as one of the most wholesome and healthy sugars in the world. We have state-of-the-art manufacturing systems to produce high-quality organic jaggery. We have trained supervisors and workers to monitor the upkeep of the organic farms. We have facilities to handle bulk orders while maintaining hygiene and quality.

## Detailed Product Description

First time, organic sugar, which is one of the ancient natural sweeteners of Asia, which has calcium, iron, phosphorous and 6 different vitamins, is offered in an instantly dissolvable powder form by ecobuddy! Palm sugar is extracted from the sweet sap of palmyra palm. It has a unique and delicious flavour suggested in many Asian recipes. It adds flavour, if, replaced for cane sugar, in any kind of food....
